30 Days Social Distancing

Connect, Learn, Share

What in the WORLD is going on ??

This Corona Virus, COVID – 19 virus has turned all our lives UPSIDE DOWN. We are ALL looking for answers to a bunch of life changing questions, NOW. The Corona Virus, or now known as COVID – 19, has sent our comfort zone lives into the most unheard of, unforeseen, unknown confused state this planet has ever seen.

First off, we all need to use our God given common sense and do our part to grow positive actions instead of destructive selfish inconsiderate actions.

30 Days >>> Social Distancing

The biggest delay for us right now is the “lost” seamless government and corporate services communications. As we are all dealing with this NASTY disease, we get it, We are abiding by the 30 Day Social Distancing and stay home rules as best we can! I can see they are too, so they might be a little short handed and over worked right now. Good thing we’ve done most of the heavy lifting already. We will give them the 30 days, we aren’t going anywhere anyways! We will take the valuable time to advance some of our other initiatives to help the health and economic situations right now, DO OUR PART !!! Are you ?

All we hear all over the News Channels is STAY HOME!

Right now this COVID-19 virus looks like the NASTIEST Flu I’ve ever seen in my life. This virus mutates so fast and gets so much stronger than anything anyone has ever seen. For me dosing Vitamin C seems to be working to fight off any flu type sickness so far! **More News Channels saying; STAY HOME!** When I see the intense pockets of people getting the same symptoms and then seeing the numbers grow so fast from crowds it certainly states the case. This virus mutates so strong and so fast, but it needs numbers of people in close proximities to do so. This social distancing as they call it seems to be working, it is certainly weird like living in a sci-fi movie, but for real it seems like it is working.

Our Transfer Agent is Great and confirmed they will do their Part !!! After these last Corporate steps instructions will be given to the Transfer Agent and we will begin the share distribution. This 30 Day Social distancing and this COVID Virus definitely changed things. We are respectful and we are patient and we expect this process to be completed shortly.

set the stage >>> **Stay Home** for your Health and the Health and Lives of Others, Life Changes.

CNN, Stay Home!

People are truly scared for their future, their basic needs, their home, their jobs, their financial future, and all the sudden that future is now. We will get through this with using our God given Common Sense.

Coumo, Stay Home!

Right now, people out there are really scared, we have seen it. People are scared of the questionable State of Affairs of this planet we all share, and then that is fueled by the financial state we are ALL suddenly faced with, unbelievably in shock. **DO YOUR PART!**

Trump, Stay Home!

What in the WORLD is going on ?? This Corona Virus, COVID – 19 thing has turned all our lives UPSIDE DOWN. We are ALL looking for answers to a bunch of life changing questions, NOW.

SOCIAL DISTANCING

In times of great question and great need we are all looking to someone or something to lean on for strength, hope and answers. First off, we all need to use our God given common sense and do our part to grow positive actions instead of destructive selfish inconsiderate actions. I think we can find peace, knowledge and strength in numbers; this whole thing has just changed our lives dramatically. Hopefully making us better people.

This 6 foot rule seems straight out of a Sci-Fi Movie! Seems its working! So be Smart and do your Part!
